# BUILD\_ME

## IKI Project: Accelerating 0-emission building sector ambitions in the MENA Region

### Interactive group session

**National Kick off Third Phase of BUILD\_ME**

Amman, Jordan

March 2023

# Instructions for the break out session

Group 1 – Muhieddin (Finance)

Group 2 – Riyadh (Rating scheme)

Group 3 – Eslam (Political)

Group 4 – Motasem (Capacity building)

## Four

Working groups, based on the the  
Colour on your badge, you should  
go to the table to join the  
discussion.

## Three

The discussion will start with 3 key  
questions.

## Conclusions

The moderators will conclude the  
key messages from the  
discussions to be presented to all  
attendees.

*In case you are not assigned to a certain table/color, you may choose the session based on your expertise and preferences.*

# Questions for each working group

## Financing instruments (Muhieddin)

- a) What funds (offering support for climate friendly buildings) do you know?
- b) What are the main barriers?
- c) What could unlock the barriers?

## Rating schemes (Riadh)

- a) Which labels/rating schemes do you know and which are used in your country?
- b) Are (in your opinion) the available schemes successful?
- c) What features should a new scheme need to have?
- d) What are the main benefits of having a rating scheme (related to owner, operator, developer) in your opinion?

## Policy instruments (Eslam)

- a) What are the key challenges and barriers to implement the EEBCs and other policy instruments?
- b) What are the key policy instruments to be developed to face those challenges?
- c) How can BUILD\_ME support those measures/actions?

## Capacity Building (Motasem)

- a) What skills/requirements are needed for the target groups to qualify as certifiers?
- b) How to ensure a high-quality certifier? (specific training/exams)
- c) What is needed to guarantee the actual implementation of measures on-ground? (construction site checks/process)
